## This summer, live it up with the new 'Live Luxe' range of laminates from Associate.

Associate Laminates has made a reputation for itself as the freshest, trendiest brand in the interiors market today. And this time, they bring you the luxurious, wild and mesmerizing textures collection, Zebra Stripes. As part of the Live Luxe range, Zebra Stripes and Luxurious Leathers top the charts with their oomph and glam-quotient.

Cardinal Red  
U 352

Zebra Stripes is inspired from the black & white coat of the magnificent Zebra. Wild and energetic, the laminate reflects the glorious quality of its inspiration. Also, as a symbol of the light and darkness, the laminate too offers a sense of serene balance to the interiors, with beautiful colours and an irresistible feel. Fashionable and trendy, this surface texture feels as unique as it looks. Available in a range of gorgeous colours, Zebra Stripes can also be taken in combination with the Dazzling Metals range, with Copper, Platinum and more. In solid colours, this surface texture is best combined with shades like the classic Black, Cardinal Red & the rustic Mud. This laminate can be used thoughtfully to bring attention to feature walls, TV units, wardrobes, and even office conference rooms to add some pizzazz.

Associate Laminates includes over 450 premium varieties to choose from; spread across innovative designs, textures, colours and finishes. Their high-quality laminates are available in 1mm, 0.8mm, 0.6mm thickness and Post Forming series. Fire-retardant and waterproof variants are available especially for kitchens, hotels, cinema halls and more. Associate Particleboards & MFCs are the best engineered ones in the country, available in several variants and made using state-of-the-art international production technology. Perfect consistency, great designs and seamless customer-service & delivery are hallmarks of their product offering.
